*The Israeli Voice Index for June 2021 was prepared by the Viterbi Center for Public Opinion and Policy Research of the Israel Democracy Institute. In the survey, which was conducted on the internet and by telephone (supplements of groups that are not sufficiently represented on the network) on July 1-4, 2021, 606 men and women were interviewed in Hebrew and 155 in Arabic, constituting a representative national sample of the entire adult population of Israel aged 18 and older. The maximum sampling error for the entire sample was 3.59±% at a confidence level of 95%. The fieldwork was done by the Midgam Institute. For the full data file see: <https://dataisrael.idi.org.il>*
